ABOUT ME

Devin is a visual Predator (Producer, Director and Editor) dedicated to generating the utmost quality of work for every client he has had the pleasure to work with. In 2002 he started working at creative ad agencies; beginning with graphic design and then quickly moving in to motion graphics and editing T.V. commercials and music videos. In 2010, he founded multi-media company 101 Exit Media, LLC., creating everything from corporate client branding to feature films, T.V. commercials, music videos, social media and film production.

Communication is one of Devin's primary objectives in his work. His goal is always to align his client's vision with strategic planning, while ensuring budget is effectively utilized. He strives to bring a positive attitude to the table no matter the situation, instilling confidence in a highly deliverable end product. Having directed and shot full length feature films, T.V. shows & commercials, music videos, social media content and corporate material since 2002, Devin has had the privilege of working with the likes of Google, NBC, Guitar Center, Insomniac Events, Vizio, Patioworld, Shinola, Audeze Headphones, The Dance Network, Asylum Films and many more. In his free time he's producing, directing and shooting his own feature films, falling more in love with photography, traveling the world and producing music.
